Panel Discussion April 28 (Tue), 2026 16:00~16:45 West Exhibition Halls 1F Impact Stage

How Will Knowledge Be Preserved, Created, and Utilized in the Age of AI? —The Vision of University-Spun-Off Startups—

AI時代の「知」はどう守られ、創られ、活用されるのか？～大学発スタートアップが目指す姿～

From the perspective of promoting startups based on university research outcomes, we will engage in a multifaceted discussion on how to balance knowledge creation in the AI era with the creation of a safe society.

大学研究成果を基盤とするスタートアップ振興という観点から、AI時代の知識創造と安全な社会の両立について多角的な議論をいたします。

About NINEJP (National Innovation Network for Entrepreneur Japan)

NINEJP is the innovation ecosystem for creating globally competitive businesses together with university-led startups support platforms in 9 regions across Japan. NINEJP connects over 160 Japanese universities, research institutions, and other stakeholders, and visualizes the potential of research seeds from multiple perspectives. NINEJP creates businesses that solve social issues with “connecting” and “visualizing”.
